ALL BLACK

On June 6th, from 6 p.m. in front of the Erwin Piscator House, there will be a rally in solidarity with Black people and all other people affected by racist police violence. We stand together with the protesters in the USA, in Paris and in the many other places where people are protesting against racism and police violence. We are taking the streets and making space in Marburg, too, so that the voices of Black People and People of Colour can be heard.

Racism is always violence.

In the USA, in Europe, in Germany.

Everywhere in the world.

As soon as one of us is taken the air to breathe, it is taken from all of us! We call on you to come to the rally in solidarity with the Black Lives Matter protests and to take an active stand against racist police violence and other forms of state and social racism.
